

2. Q: Why TCS?

A:

“TCS is a global leader in IT services with a strong focus on innovation and employee growth. I admire its learning culture and want to be part of a company that values continuous improvement.”

Answer:

In my early college days, I tried learning too many things at once and got confused. I learned it's better to focus on one skill at a time and build a strong base.

5. Q: How do you stay updated with technology?

A:

“I follow tech blogs, take online courses on Coursera/Udemy, and participate in coding challenges on platforms like LeetCode.”

3. Q: What is your approach to problem-solving?

A:

“I analyze the problem, break it into smaller parts, research solutions, and test them step-by-step.”

3. Q: How do you handle work pressure?

A:

“I prioritize tasks, break them into smaller steps, and stay calm under pressure. For example, during exams, I followed a strict schedule to manage multiple subjects effectively.”

3. What would you do if you disagree with your team leader?

Answer:

“I’ll respectfully express my views, provide reasoning, and listen to their perspective. The goal is collaboration, not conflict.”

1. What if you're assigned to a technology you don't know?

Answer:

"I'll take it as an opportunity to learn. I'm confident in my ability to pick up new skills quickly through self-learning and guidance."

7. What motivates you?

Answer:

Solving real-world problems, learning new technologies, and the opportunity to make meaningful contributions.

Answer:

Strengths: Adaptability, problem-solving

Weakness: I sometimes over-focus on perfection,
but I'm working on balancing speed and accuracy.

3. Where do you see yourself in 5 years?

Answer:

“In a leadership role, contributing to critical projects and mentoring fresh talent.”
